

RUDY
JOE
DESIGN

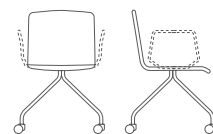

Sistema di sedute multifunzione per spazi collettivi, ufficio, residenziale contract, hotel. Caratterizzata da una scocca in multistrato di faggio sp. 10 mm dal profilo semplice ed informale, la seduta Rudy risulta versatile in quanto configurabile a seconda della destinazione scegliendo fra differenti finiture e strutture. La versione su ruote prevede un basamento cromato in tubolare d. 22 a 4 razze girevole (anche su piedini) o il basamento Loop a 5 razze.

Multipurpose seating for community, office, residential and hotel environment. Rudy is made of a single beech shell (10 mm thick) with simple and informal edge, and becomes versatile thanks to the several upholsteries and frames available that allow a different configuration of the range depending of its final use. The seat can be equipped with a 4 races swivel chromed tube base (diam. 22 mm) on castors (also with feet av.) or 5 races Loop base.

La seduta Rudy in versione fissa è il massimo in termini di versatilità ed universalità. Sempre efficace ed elegante sfrutta al meglio differenti tipologie di struttura: 4 gambe cromate d.18, 4 gambe cromate d.18 con bracciolo integrato, cantilever in filo cromato d.12 e sgabello in filo. Le versioni a slitta e 4 gambe sono impilabili per facilitarne l'uso e il deposito in caso di utilizzo riunione/contract.

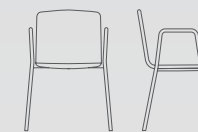

The top for versatility and completeness is obtained with the available fixed frames. Elegant and efficient always use all different types of frames: 4 chromed legs (diam. 18mm) without or with integrated armrest, rod chromed cantilever frame (diam. 12 mm) and stool rod chromed frame. Both versions, 4 legs or cantilever are stackable in order to simplify its usage and movement during meeting or contract purpose.
