## LANDE BRINGS PEOPLE TOGETHER

Our designer furniture enables you to create inviting settings anywhere you like. Settings where people can inspire each other, where they're free to be creative, where they can get hands-on, and where they can unwind and relax. Pleasant, safe, and fully in line with your company's style and culture: these are ideal settings that enable people to reach their full potential. Lande brings people together during meetings, brainstorming sessions, consultations, and presentations. We provide a solution that works for you, always offering you fresh inspiration for your project development and ensuring our signature flexibility if there are changes or design modifications. Whatever your challenge, we're here to create the perfect solution for you too!

## SEATING ELEMENTS & BENCHES

Image: MC Sofa | Designer: Lande Design Team

# Buggy Back Seat

Designer: Toine van den Heuvel

The Buggy table and sofa collection is cool and sleek, recognizable by the stylish steel frame.

The Buggy collection consists of:

- The Buggy:  
a modern table with a steel frame.
- The Buggy Back Seat:  
a stylish, upholstered sofa available with or without a backrest.
- The Buggy Step:  
a standing table with an extra shelf.
- The Buggy Fold:  
a stable, lightweight, folding table.
- The Buggy Snake:  
a dynamic standing table, available in several configurations.
- The Buggy Outdoor:  
a table and sofa for outdoor use, with an optional backrest.

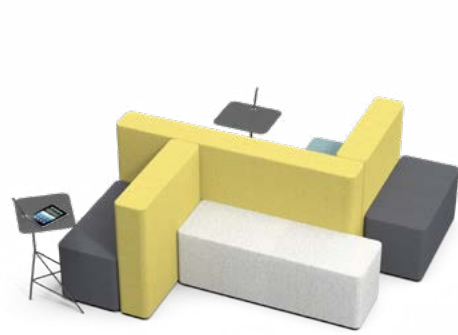

To see all of our solutions, visit  
**[www.lande.eu](http://www.lande.eu)** or ask your contact  
person about the specifications.

# Collection Dots

Designer : Michiel van der Kley

You can't go wrong with the playful and versatile pouffes from the Dots collection. From stools to upholstered letters, Dots are available in different shapes and sizes:

- Round,
- Square,
- Rectangular (various lengths),
- Plus-shaped,
- L-shaped,
- J-shaped,
- T-shaped.

An eye-catcher in the Dots collection is the round, upholstered Dots Donut, with or without a central backrest. Add the finishing touch to your Dots world with the acoustic Dots Up partition – perfect for meeting, working, or brainstorming without interruption.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Collection Dots

Designer : Michiel van der Kley

# Flatlands

Designer: Daphna Laurens

Waiting turns into new encounters. Friendly and inviting, the modern and sleekly designed Flatlands welcomes guests with open arms. This modular sofa system is perfect for all spaces. Pick a corner shape, a cross-shape or a straight sofa. Add a backrest or leave it entirely open to stimulate conversation.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Flatlands

Designer: Daphna Laurens

# MC Sofa

Design: Marc Carpaij

MC Sofa System is a project sofa designed for the office or in the canteen. The sofa can be placed against the wall, in an arrangement or back to back. The sofa can also be linked endlessly.

# MC Sofa

Design: Marc Carpaij

# Olli

Designer: Lande Design Team

The Olli armchair marries comfort and luxury with suspension seating for years of comfortable use. Olli can also be linked to create a two-seater or a long sofa to seat ten, twenty, or more.

The Olli is available with and without armrests and can be linked to create a new seating element, with or without a writing table or on a rotatable disc foot.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Olli

Designer: Lande Design Team

# Talks

Designer: Michiel van der Kley

Talks is a comfortable, linkable sofa that moves organically through the space. The modular Talks sofa consists of three seating elements: one straight element, one inside and one outside curve. These elements can be combined endlessly to create the desired sofa unit for any room.

Talks is the stylish 'little sister' of the well-known Turning Talks series from the Lande Collection. The cushions and shell are available in different fabrics. The base is powder coated in a colour from the Lande powdercoat collection.

To see all of our solutions, visit **[www.lande.eu](http://www.lande.eu)** or ask your contact person about the specifications.

# Talks

Designer: Michiel van der Kley

# Turning Talks

Designer: Michiel van der Kley

This rotating brainstorm and meeting sofa evokes enthusiastic reactions and inspires new and surprising perspectives. A unique design that facilitates the 'New Working Method': developing talent by presenting, discussing, meeting, and brainstorming.

The Turning Talks is ideal for both closed and open meetings thanks to its low and raised backrest. For extra inspiration, swivel the Turning Talks sofa in the desired direction on the rotating platform. Turning Talks comes with three swivel tables.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Turning Talks

Designer: Michiel van der Kley

# CONCENTRATION-UNITS

Image: First Class I Designer: Michiel van der Kley

# 1st Class

Designer: Michiel van der Kley

The luxury 1st Class seating element is perfect as a private workspace, a waiting room sofa, a room divider, a lounge spot, or an acoustic meeting area, with two sofas positioned opposite each other. The 1st Class is the ideal seating element and can be upholstered in any desired fabric.

Available as a 1-seater, 2-seater, or 3-seater, with an armrest to the left or right and with two high side partitions.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# 1st Class

Designer: Michiel van der Kley

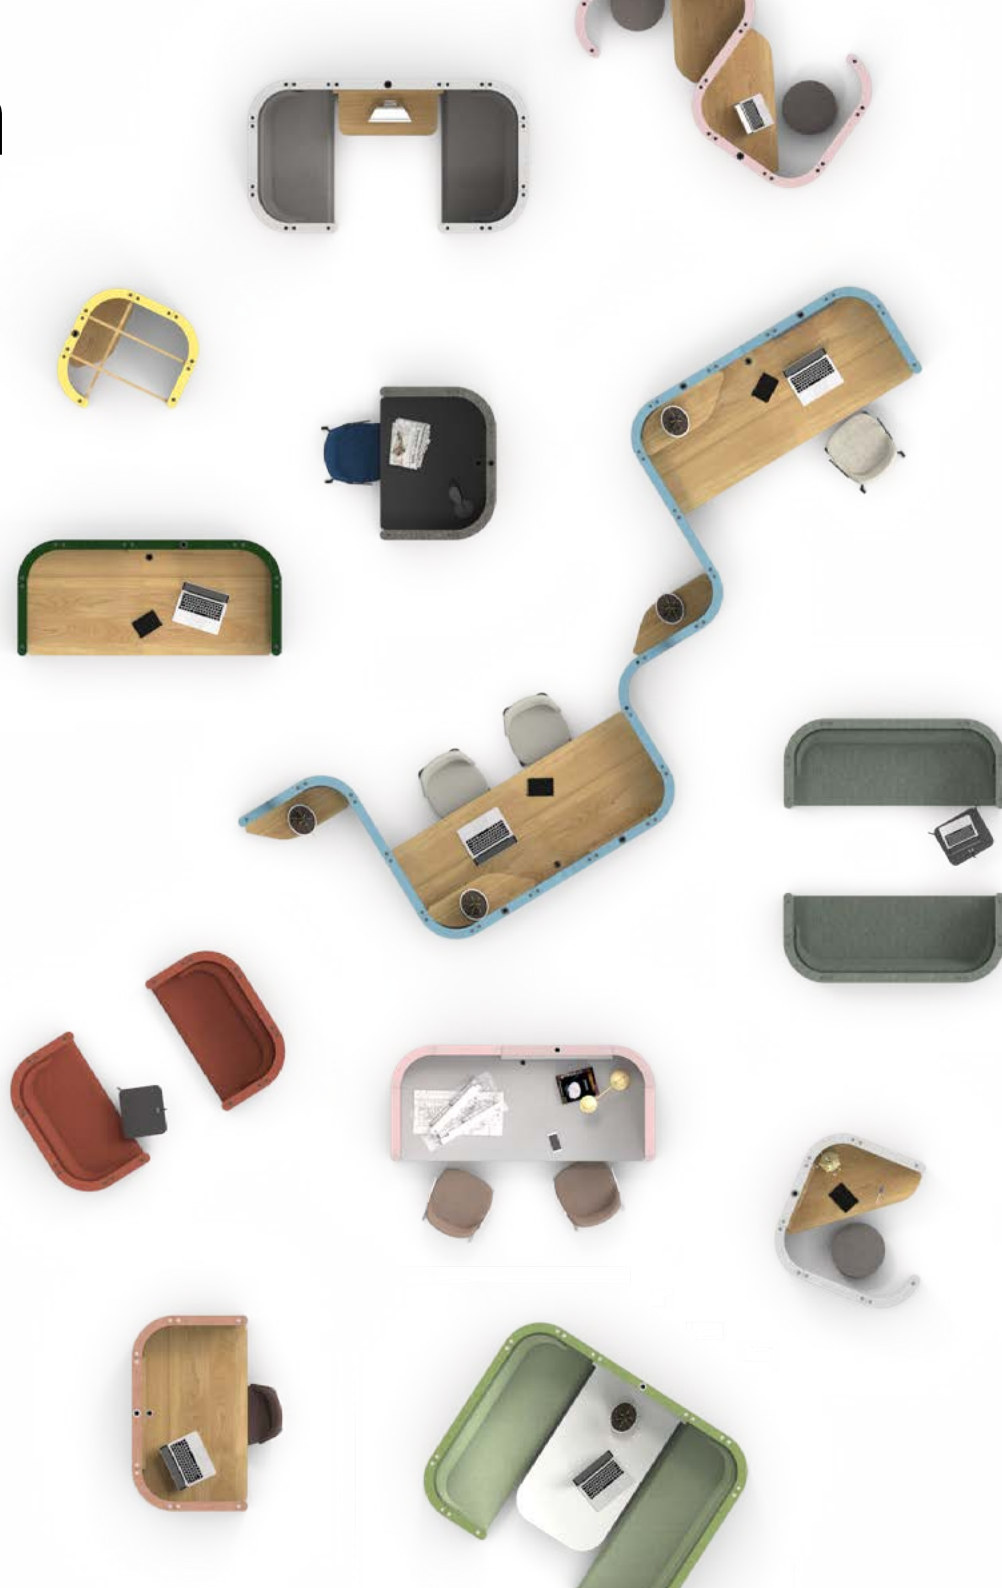

# Rondo collection

Designer: Michiel van der Kley

The Rondo collection is a modular workspace system with special acoustic properties. Easy to adjust and expand. Link the Rondo Uno to a Quatro or design your own unique Rondo landscape.

The Rondo collection consists of full Rondos and additional elements, such as partition walls and power outlets. This collection is ideal for use in an open office setting or space, without detracting from the open-plan layout. Escape the workday hustle into a private oasis of quiet. People need a quiet place to work, brainstorm or make phone calls. Rondo offers that place.

# Rondo Box

Designer: Michiel van der Kley

The modular Rondo Uno is a concentration unit that can be expanded to create a row of two or more linked Rondo Unos. The Rondo Uno has outstanding acoustic properties and is comfortable, flexible, and lightweight. In short: the perfect place to work undisturbed.

Rondo Uno is available in two dimensions (Uno Picolo and Uno Grande) and three heights. Available with or without power outlets. Can be linked to different Rondo models.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Rondo Divano

Designer: Michiel van der Kley

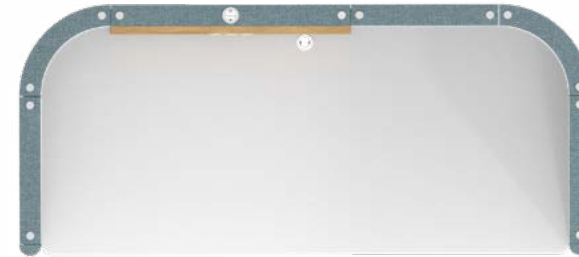

The Rondo Divano is a sound-absorbing modular sofa that is ideal for quiet meetings. Perfect for open offices and other open-plan workspaces. Create effortless an meeting space by positioning two Rondo Divanos opposite to each other. Or design your own Rondo landscape by linking several Divanos together or to other Rondo booths.

Rondo Divano is available as a 1-seater and a 2-seater and has two different heights.

# Rondo Lavoro

Designer: Michiel van der Kley

Rondo Lavoro makes it easy to concentrate on your work. The shielded desk is ideal for collaborative work and solo work. Rondo Lavoro provides a private, sound-proof work environment in an open space. It can be linked to other Rondos.

Available in four widths and three heights.

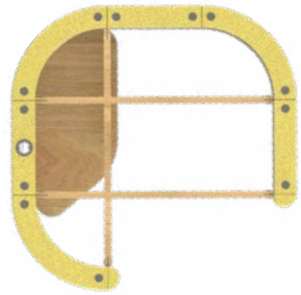

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Rondo Suono

Designer: Michiel van der Kley

The Rondo Suono is an acoustic, high-concentration unit for undisturbed working and consultation. Standing workstations and stand-up meetings are becoming increasingly popular, and Suono is making it easier to meet those needs. With Suono, you can easily alternate between sitting and standing.

Stand-up meetings become even more private and productive thanks to the acoustic properties of the Suono.

Rondo Suono is available in two options: the one-person version has a corner table for a laptop and the two-person version has a standing table in the middle of the concentration unit.

# Rondo Uno

Designer: Michiel van der Kley

The modular Rondo Uno is a concentration unit that can be expanded to create a row of two or more linked Rondo Unos. The Rondo Uno has outstanding acoustic properties and is comfortable, flexible, and lightweight. In short: the perfect place to work undisturbed.

Rondo Uno is available in two dimensions (Uno Picolo and Uno Grande) and three heights. Available with or without power outlets. Can be linked to different Rondo models.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Rondo

Designer: Michiel van der Kley

# CHAIRS

Image: Hopper | Designer: Gerard Vollenbrock | 2009

# Casual

Design: Ontwerpstudio Kommerkors

Characteristic of the Casual is the bended backrest that embraces you. Even before you sit down, the chair gives you a feeling of comfort. The Casual series is multifunctional. Due to the great variety of appearances and bases, the chair can be used in almost any place: conference rooms, meeting places, shops, waiting areas or the home workplace.

To see all of our solutions, visit  
**[www.lande.eu](http://www.lande.eu)** or ask your contact  
person about the specifications.

# Casual

Design: Ontwerpstudio Kommerkors

# Cole Classic

Designer: Lande Design Team

The Cole Classic is a chair with a retro look that comes with a 4-legged frame or a base. With a sleek design and luxurious comfort thanks to the upholstered seat and backrest. The 4-legged version is also stackable.

The Cole Classic has a poured aluminium handle on the backrest, which makes the chair easy to move and reposition.

# Cole Modus

Designer: Lande Design Team

Cole Modus is synonymous with comfort. This chair has a luxurious look and is extremely comfortable during lengthy meetings or working dinners. Classic yet modern, with a powdercoated base and a sleek leather or fabric upholstery.

The Cole Modus has a poured aluminium handle on the backrest, which makes the chair easy to move and reposition.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Cole Classic

Designer: Lande Design Team

# Flow

Designer: Martin Ballendat

Flow is a linkable and stackable chair. This versatile, corporate chair has a sleek look and a wide seat. It is comfortable and extremely easy to link thanks to the integrated arm connectors. Compact and stackable, this chair is ideal for use in auditoriums, restaurants and cafés, as well as during events and meetings. With a wooden or (partially) upholstered seat.

To see all of our solutions, visit  
**[www.lande.eu](http://www.lande.eu)** or ask your contact  
person about the specifications.

# Flow

Designer: Martin Ballendat

# Hopper

Designer: Gerard Vollenbrock

The Hopper chair comes with dozens of options: with or without armrests, with a high or a low backrest, with straight or slanted legs, with a five-point swivel base, in leather or fabric. Whatever your preference, they all have boast the same exceptional quality, comfort and durability.

The straight-leg Hopper chairs are also stackable, which is handy in the restaurant and hospitality industry.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Hopper

Designer: Gerard Vollenbroek

# Icon Plus

Designer : Lande Design Team

The Icon Pus is a comfortable meeting chair. This chair with armrests takes comfort to a whole new level thanks to the thick filling.

The Icon Plus comes with various options, including leather armrest covers and stitched seams in an accent colour. Available with a base or a 4-legged frame.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Jami

Designer: Lande Design Team

The Jami chair with ribbed fabric is a design classic. This retro chair with bakelite armrest is as beautiful as it is timeless.

The Jami is also available with a four-legged base and in striking colour combinations. Let your creativity run free and create your own unique chair!

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Jami

Designer: Lande Design Team

# Pico

Designer: Patrick Norguet

Every time you look at the Pico, you discover another subtle design feature. The striking metal design button on the side that accentuates the connection of the back and seat. The frivolous triangular armrests. The characteristic back that runs behind the seat. In addition, the Pico distinguishes itself with high seating comfort.

The Pico can be executed as a 4-leg, with a sledge base (tube or wire) and with or without triangular armrests. But of all versions, the starbase is the most striking. This gives the elegant Pico an even more elegant look.

The Pico starbase is also available with wheels.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Pico

Designer: Patrick Norguet

# Ray

Designer: Lande Design Team

The curved armrests on the linkable and stackable Ray chair are not connected to the backrest and extend through to the bottom frame. This sleek chair comes with four legs or a continuous frame base.

Available in fresh powdercoated colours with different fabrics or a wooden shell. Optional: a link with row and chair numbers or a writing tablet.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Ray

Designer: Lande Design Team

# Spinner

Designer: Nic Roex

The Spinner is a height-adjustable stool with an industrial look. Achieve the desired height in just one spin. The Spinner is perfect for additional seating during short meetings or in the office. The frame can be powder-coated in various colours to suit any interior. In addition to the low Spinner, there is also the Spinner High.

# Spinner

Designer: Nic Roex

# Toro

Designer: Wout Speyers

A lovable wooden bull with an upholstered saddle: that's the Toro. It is ideal as ergonomic seating as well as for lounging. With a practical writing table and two hooks. It is a workspace, a brainstorming object and a striking furniture piece. It is so inviting that you'll instantly want to sit on it.

Wherever you put it, Toro is sure to get people talking. Group several Toros together for a creative space.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Toro

Designer: Wout Speyers

# Tree Trunk

Designer : Josef Blersch & Mander Liefing

The Tree Trunk collection consists of small works of art crafted from metal with a height of 43 or 46 cm. The polished and folded metal creates undulating lines. Bend it into the right shape to reveal the Tree Trunk. Ideal as a side table, an art object, or a stool. Available with or without a cushion.

Create the perfect landscape to brainstorm, to generate new insights, to develop smart solutions, or to come up with innovative ideas.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Tree Trunk

Designer : Josef Blersch & Mander Liefing

# Waltz

Designer : Max Lipsey

Waltz stands out because of the open, rolled wire frame that runs from the legs through the arms to behind the back. This wire frame gives the chair an open and futuristic look and feel. This extremely comfortable sled chair has an upholstered back and seat and wooden armrests. The frame can be executed in the various colors from the Lande powdercoat collection.

To see all of our solutions, visit  
**[www.lande.eu](http://www.lande.eu)** or ask your contact  
person about the specifications.

# X-Ray

Designer : Lande Design Team

Open en lichtgewicht door het draadframe. De X-Ray stoel is geruisloos te verschuiven en gemakkelijk aan een tafel te hangen als de vloer vrij moet zijn. De X-Ray is ideaal als schoolstoel of zaalstoel. Volledig gestoffeerd, met inlegzit, inlegkuip of met houten kuip.

# X-Ray Spin

Designer : Lande Design Team

The X-Ray Spin is an adjustable swivel desk chair that comes with or without armrests. From a sleek wooden shell with upholstery on the inside, to thick upholstery throughout in aesthetic stripes.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# X-Ray Barkruk

Designer: Lande Design Team

The open, lightweight frame and the low back make the modern and sleekly designed X-Ray barstool incredibly striking. With a seat height of 60 or 80 cm, this stool is always comfortable. Available with or without a seat inlay, in fabric or leather.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Z-Barstool

Design: Lande Design Team

The Z-barstool has a industrial appearance due to the steel sled base. The profile of this bar stool with low backrest is recognizable by its Z-shape. The Z-barstool is easy to move with the ergonomic handle and has a 180 degree seating freedom. You can easily sit and get down. The solidly designed frame and footrest provide a comfortable seat.

To see all of our solutions, visit  
**[www.lande.eu](http://www.lande.eu)** or ask your contact  
person about the specifications.

# TABLES

Image: Dock I Designer: Kurt Van Overbeke | 2018

# Aluxx

Designer: Arnold Merckx

The Aluxx table is a rectangular meeting table/ desk. Available in different sizes and with a square or oval tabletop. This table has a sturdy spine, which makes it durable, stable and ergonomic. The connectors make the Aluxx perfect for large configurations.

To see all of our solutions, visit  
**[www.lande.eu](http://www.lande.eu)** or ask your contact  
person about the specifications.

# Atelier

Designer: Lande Design Team

Stay flexible with the square or rectangular Atelier standing table on wheels. If you want a standing table, simply roll the Atelier to where you need it. If you want to use the space for a sit-down meeting, roll the table away. The Atelier has an industrial look but a warm feel thanks to the metal i-beam. Available in all powdercoat colours from the Lande powdercoat collection.

# Buggy

Designer: Toine van den Heuvel

The long standing table is ideal for standing meetings, consultations, lunch or work. Ideal for, for example, a stand-up meeting or scrum meeting.

# Buggy outdoor

Designer: Toine van den Heuvel

With this wooden table you have an outdoor feeling outside as well as inside. This wooden rectangular table is very practical as a garden table, but also as a canteen table or in a company restaurant. The Buggy Outdoor table has a solid look due to the shape and durable materials: Bankirai wood and steel.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Buggy Snake

Designer: Lande Design Team

A table with a curve/bend for the office or in the canteen, that is the Buggy Snake. A long table for meetings, lunch or work. Ideal for a stand-up meeting or scrum meeting. Suitable for any interior due to the many options in terms of color and dimensions. The Buggy Snake is available as a standing table as well as a low table.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Buggy Snake

Designer: Toine van den Heuvel

# Casus

Designer: Lande Design Team

The charming Casus is available as a round, oval, rectangular or barrel-shaped conference table. It has a stylish and functional design with a corporate look and feel. Available in several finishes, colours and sizes for both the tabletop and the legs (T-shaped or V-shaped). All meeting and conference room setups are possible.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Casus

Designer: Lande Design Team

# Cheek

Designer: Lande Design Team

Cheek is a sleek and robust table in laminate or veneer. With straight lines, mitred corners and closed cheeks for added volume. Cheek is available in several colours. Uplifting and lavish, understated and businesslike, warm and cosy.

If you need a long table, connect cheek to cheek until the desired table length is achieved. The Cheek looks great with Cheek benches or individual Cheek stools for a more playful effect.

# Cheek statafel

Designer: Lande Design Team

The Cheek Standing Table is a rectangular wooden table with cheeks. Optional with turn point. Ideal for use in an office, canteen, conservatory or waiting room for waiting, eating, meeting or working. Also doubles as a meeting table for standing meetings.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Cheek

Designer: Lande Design Team

# Club

Designer: Lande Design Team

The secret to the Club table collection is its simplicity. No-nonsense, stable and available in three different heights. With a square base, a square column and a square tabletop. Or as a rectangular table with two columns and a rectangular base or as a round table.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Club

Designer: Lande Design Team

# Dock

Designer: Kurt Van Overbeke

The first stylish Dock tables were installed in the Port House offices in Antwerp. "They were inspired by jetties," explains designer Kurt Van Overbeke. 'The light cables are reminiscent of the ropes used to moor boats to the docks.'

Dock is a long and stylish wooden table with a steel frame that continues above the table. Several lamps can be attached to the upper frame. The combination of the frame and the lamps creates an intimate atmosphere.

Dock is also available as a standing table with a height of 90 cm and in various Lande powdercoat colours.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Dock

Designer: Kurt Van Overbeke

# Extru Table

Designer: Khodi Feiz / Lande Design Team

The Extru Table is a wooden table, standing table and bench in one with uniquely rounded corner elements. These elements are available in all of the colours from the Lande powdercoat collection, making it possible to create a rectangular table or standing table to your specifications.

In addition to the uniquely rounded corner elements, the standing table/table version of Extru is truly unique. It makes it possible to work and hold meetings while sitting or standing. This design is perfect for flexible meetings and presentations. Truly one of a kind!

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Level

Designer: Han Dicke

The Level is a sturdy table with an attached bench on the side. The 75-cm version is ideal as a reading or meeting table and the 110-cm version as a standing table. The thickness of the cheeks, the tabletop, and the sturdy metal construction make the Level extremely durable. All of these aspects make the Level perfect for public places, such as libraries, waiting rooms, schools and restaurants.

# Level

Designer: Han Dicke

# Ping

Designer: Richard Hutten

Ping is a wooden ping-pong table that combines relaxation with exercise. Highly versatile, this table is ideal for meetings, reading, playing and exercising. A beautiful slender table is the perfect place to meet in a relaxing environment. It is also ideal as a dining table in a canteen or company restaurant. Eat first then challenge your colleagues to an exciting game of ping-pong.

# Ping

Designer: Richard Hutten

LOGIC WILL GET YOU  
FROM A TO B.  
IMAGINATION WILL  
TAKE YOU EVERYWHERE.

Albert Einstein

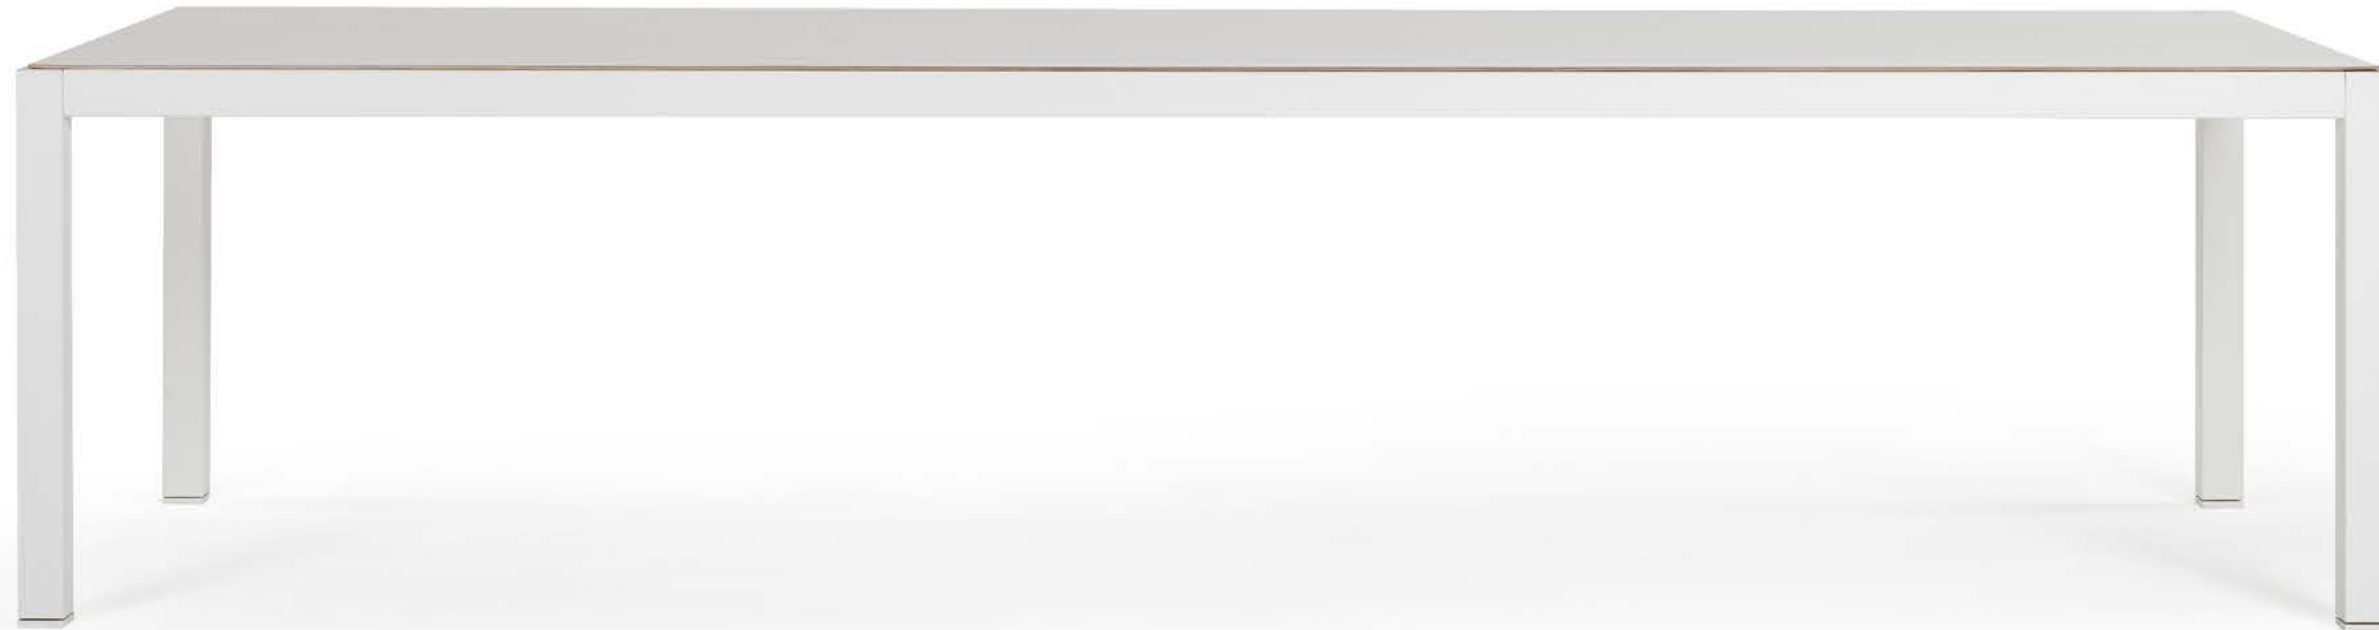

# Slick

Designer: Lande Design Team

Slick is a large and long rectangular table with an austere beauty. A lovely detail: the tabletop has a slight indentation, which makes it look extremely slim. But appearances are deceiving, as the top is partially recessed into the frame.

Slick is ideal as a long conference table, an office table or as a stylish dining table in a canteen. The Slick table is available in two widths (100 and 120 cm) and various lengths up to nearly six metres.

To see all of our solutions, visit  
**[www.lande.eu](http://www.lande.eu)** or ask your contact  
person about the specifications.

# Slick

Designer: Lande Design Team

# Teska

Designer: Michiel van der Kley

Cool, solid, and full of character: the Teska can be used as a dining table, a meeting table, an office table or a conference table. What makes the Teska so unique is its solid tree-trunk base. Now that's a table! With a robust look thanks to the solid column-like legs. Available with a single column base for specific table dimensions.

# Teska

Designer: Lande Design Team

# Teska

Designer: Lande Design Team

# Trigon

Designer: 13&9 Design

Trigon is a revolutionary table and desk system. These triangular and hexagonal tables can create 15% more room for working. Use Trigon to optimize your workspace, particularly useful in awkwardly shaped rooms.

It is a design by the award-winning design collective 13&9 Design.

Trigon is a modular system of geometric shapes: triangles, trapezoids, diamonds and rectangles. These shapes can be used to create an endless combination of table configurations, such as a hexagonal table. This is ideal for conference rooms and meeting areas, as well as for more private workspaces.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Trigon Hot Desk

Designer: 13&9 Design

The Trigon Hot Desk standing tables are individual tables that can be combined to create a multifunctional meeting area. Perfect for standing meetings, quick consultations, and as a tall meeting table in an office setting. The Trigon Hot Desk is available in several colour combinations. Looks great as a stand-alone desk or in a clustered landscape.

The Trigon hot Desk is a design by the award-winning design collective 13&9 Design.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

## **SIDE TABLES**

Image: Leaf | Designer: Michiel van der Kley

# L-IOT

Designer: Christine Rathmann

L-IOT is a side table with a round wooden top and a round metal base. Available in various colours.

The L-IOT side tables are available in two sizes:  
- 42 cm high with a tabletop diameter of 50 cm  
- 51 cm high with a tabletop diameter of 40 cm

What makes the L-IOT design so distinctive is the rounded shape of the base mirrored in the round tabletop. "The L-IOT's most striking design feature is the interaction of the radii, which appears simple but represents a static challenge," says designer Christine Rathmann.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

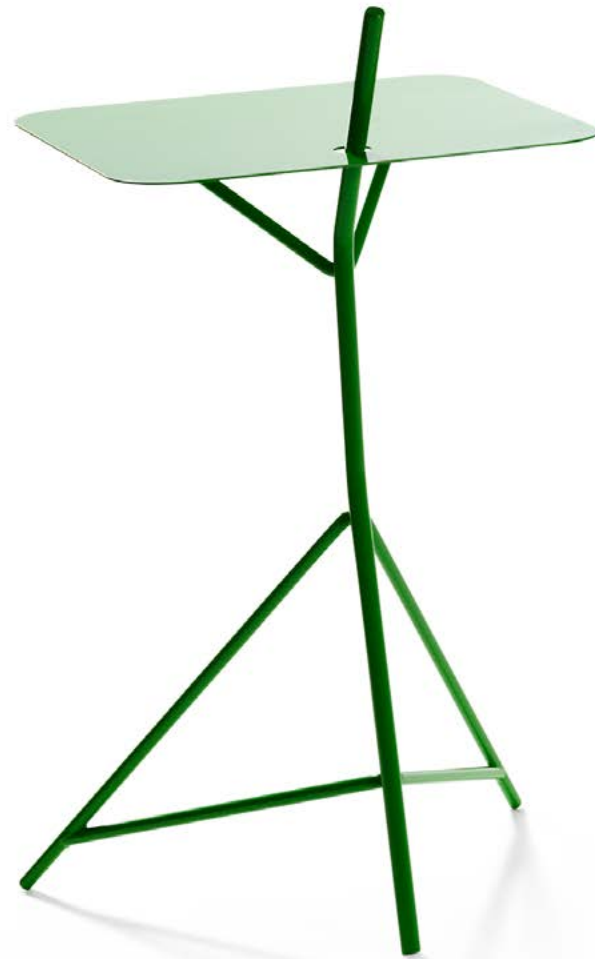

# Leaf

Designer: Michiel van der Kley

Leaf is a slender and practical side table, with a contemporary design that makes it ideal for use in all interiors. The top appears to be held up by the arms of the base and has plenty of room for a coffee, a smartphone or a tablet. The frame is available in several powdercoat colours, with a matching or contrasting colour for the table top.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# T-Pad

Designer: TWO-design

The T-Pad is a side table with an industrial look and feel. The top doubles as a writing space or a laptop holder, making it perfect for use in both schools and offices. This steel side table is available in several colours from the Lande powdercoat collection.

# CABINETS

Image: Petram | Designer: 13&9 Design

# Cabinet 45

Designer: Josef Blersch & Dries van Wagenberg

The industrial Cabinet 45 is available as a low storage cabinet, a high metal cabinet or a high industrial locker. The low cabinet is 94 cm high, the high cabinet is 174 cm high and the locker is 184 cm high. The cabinets and the lockers each have one shelf. The locker also has coat hooks.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Cabinet 45

Designer: Josef Blersch & Dries van Wagenberg

# Fundamentals

Designer: Lande Design Team

Fundamentals is a flexible and multifunctional cabinet system. As timeless as it is striking. Let your creativity run wild. With the presets you have many suggested options in format, the number of compartments, doors, shelves and functional built-in elements.

The Fun Elements from Fundamentals are functional built-in elements that give the cabinet system one or more functionalities. You can choose from the following components: panel with wardrobe hooks, panel for a presentation screen, magnetic whiteboard, cork board, upholstered pinboard and panel with paper roll.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Fundamentals

Designer: Lande Design Team

# Petram

Designer: 13&9 Design

Petram is a modular cabinet system that combines functional and social needs by offering storage space, desk space and an interactive seating area all in one. This allows you to divide an open work area in a smaller spaces. The ideal set-up can be created for each open space.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Petram

Designer: 13&9 Design

# PANTRY

Image: Zok | Designer: De Bever Architecten

# Zok

Designer: Stefan de Bever en Heleen van Heel

Zok is the modular kitchen system from Lande. The base of Zok is the solid metal frame with modern worktop. The base can be extended with everything you need in a kitchen. Sink in the worktop or place a dishwasher, refrigerator, Quooker, some kitchen cabinets and deep drawers under the worktop. Free from the floor, or right down to the ground. With its possibilities and appearance, Zok is the flexible solution as a detached kitchen.

In addition, Zok is also available as a separate standing table. Zok always has a solid look and is available in various structure powder coat colors.

To see all of our solutions, visit [www.lande.eu](http://www.lande.eu) or ask your contact person about the specifications.

# Zok

## | ABOUT LANDE

# WE CHOOSE THE BEST SOLUTIONS TOGETHER

## Accessible and locally made

We are working toward a sustainable future, and that's why we make everything in-house in Schijndel (NL), Lanaken (BE), and Bursa (TR). Our experts stand strong in these difficult economic times in order to maintain our high quality production.

## A wide range of products

With Lande and Artifort furniture, you can create safe working environments for everyone, without compromising on style and vibe. The ideal work environment has space for presentations, concentration, discussion, meetings, brainstorming, relaxation, working, and hospitality. So, to kick-start the project development process, we would like to share a number of inspirational designs with you. Working together, we can always find the best solution: whether that's a useful stool or a modular sofa. We have a keen eye for what a space needs.

## Extensive finishing possibilities

You can choose from a broad collection with extensive finishing options that have been produced in a fully sustainable way. We offer finishes that are easy to clean such as HPL, Nano, and metal parts (powder coating). These are made from substances such as treated polyester, and have inherent antibacterial properties. So, just like imitation leather, they are easy to clean and disinfect with a chlorine solution. On [lande.eu](https://lande.eu) you'll find all the finishing options and on [stoffenkiezer.nl](https://stoffenkiezer.nl) you'll find our wide range of fabrics.

# SUSTAINABLE FOR THE NEXT GENERATION

As a progressive Dutch family business, the Lande Group does everything in its power to minimize the impact of our activities, products, and services on the environment. Being attentive to and caring for the interests of future generations is very important to us as a family business. The Lande Group's sustainable production is based on the following pillars:

- ISO 14001
- ISO 9001
- Reuse and reupholstering
- Sustainable materials and products
- Limiting CO2 emissions
- Certified suppliers
- PEFC Certificate
