OUTDOOR COLLECTION 2022

MADE IN  
DENMARK

# HOUE

We are driven by affordable luxury as a philosophy, by choosing the right materials and solutions. We draw from a proud heritage of Danish design and craftsmanship with mass appeal. HOUE offers both an outdoor and indoor collection, always meeting our high standards in terms of design, price and quality.

---

**HOUE IS A DANISH DESIGN HOUSE FOUNDED IN 2007.  
WE COMBINE GREAT COMFORT AND DESIGN IN OUR WORK.  
WE ALWAYS PUT A LOT OF EFFORT INTO OUR  
PRODUCT DEVELOPMENT STRIVING TO MEET  
A HIGH STANDARD.**

MyTrash  
**NAMI**

---

**THE SHELL AND TABLETOP IS MADE  
FROM DANISH HOUSEHOLD PLASTIC TRASH  
AND 100% PRODUCED IN DENMARK.**

We are proud to present NAMI which is 100% made in Denmark.

The elegant curve in the chair shell leads the mind to a wave that washes over the beach. NAMI means wave and emphasizes the organic expression found in this elegant garden chair. The design is based on the forces and lines of nature and finds its natural place outdoors in wind and weather. NAMI Chair is EU Ecolabel certified.

To compliment the chair, the NAMI collection also includes a café table in size Ø65 cm.

NAMI consists of powder coated steel frames with beautifully molded plastic shells and tabletops. The plastic parts are made in Denmark of 97% Danish household plastic trash added 3% color pigment.

The chair comes in 4 different colors: Black, dark grey, olive green and sky blue and the café table comes in black and olive green. Frame in same color as the shell and the tabletop.

Designed by Hans Thyge & Co.

# TURNING TRASH INTO TREASURE

---

**WE STOPPED LOOKING AT TRASH AS A PROBLEM  
AND STARTED SEEING IT AS THE RESOURCE IT IS.**

# HOUSEHOLD PLASTIC TRASH

---

**NAMI IS MADE OF  
LAMELLAS: 97% DANISH HOUSEHOLD PLASTIC TRASH  
+ 3% COLOR PIGMENTS AND UV PROTECTION.  
FRAME: POWDER COATED STEEL.**

Developing NAMI, HOUE was determined that the right steps were taken in creating a responsible collection of chairs.

By using household plastic trash instead of virgin – or recycled industrial plastic, it is not only the recycling of plastic and the use of trash that is beneficial – there are also significant savings on the amount of energy used in production.

When creating products from household plastic trash, we worked from a systematic perspective, taking into account how things are always connected. Consequently, we base our decisions on facts and thorough documentation.

**NAMI CAFÉ TABLE Ø65 CM IS AVAILABLE IN 2 MONO COLORS.  
BLACK AND OLIVE GREEN.**

**NAMI DINING CHAIR IS AVAILABLE IN 4 COLORS AND STACKABLE.**
